

RhodeCode CE/EE - Feature #4096

Feature # 4094 (Closed): [tests] Improve repository operations performance test.

[test] Extend locust performance tests to add commits

18.07.2016 08:47 - Martin Bornhold

Status:	Closed	Start date:	18.07.2016
Priority:	Normal	Due date:	
Assignee:	Martin Bornhold	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	v4.3	Spent time:	0.00 hour
Sorting:		Commit Number:	
Description			
The current implementation executes the pull/push commands without adding new commits to the repository. Would be great if the tests are also adding commits prior to pushing to the repository.			
Goal:			
<ul style="list-style-type: none">• Add a method that creates commits in the local repository.			

History

#1 - 18.07.2016 09:11 - Martin Bornhold

- Target version set to v4.3

#2 - 25.07.2016 08:40 - Martin Bornhold

- Assignee set to Martin Bornhold

- Status changed from New to In Progress

#3 - 26.07.2016 08:54 - Martin Bornhold

- Status changed from In Progress to Resolved
