Description			
<p>Let's get us registered on AWS Marketplace, category: Developer Tools --> Source Control! Our AWS account (to be used with AWS Marketplace) is 426270262299. Most of the actions with AWS Marketplace (including building the machine) require access to it.</p> <ol style="list-style-type: none">1. Accept the Terms & Conditions with the AWS account you will use to register to sell software in the AWS Marketplace. <p>Please, accept with account id 426270262299</p> <ol style="list-style-type: none">1. Review the AWS Marketplace Seller Guide and make sure that your AMI meets the product policies set forth in sections 5 and 6 of the AWS Marketplace Seller Guide.2. Share and scan your AMI via the Management Portal. This can be done from the root of your AWS account for AWS Marketplace, or using an IAM role after following the steps outlined in section 8.1.2 of the Seller Guide. <p>Build an Amazon Machine Image (AMI) and test it using self-service AMI scanning tool.</p>
