

RhodeCode CE/EE - Bug #5405

Add repository from UI leads to HTTP/404

28.11.2017 11:34 - Jarno Kanto

Status:	New	Start date:	28.11.2017
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Sorting:		Affected Version:	v4.10
Commit Number:			
Description			
When add new repository from UI it shows HTTP/404 error page even repository is created as expected.			
Installation is Rhodecode 4.10.5 with Celery, RabbitMQ and Postgres as database. Same setup with version 4.9.0 is working fine.

Attached Vagrantfile and provision script for easy reproduce:			
1) vagrant up			
2) log in as admin			
3) Add repository -> 404			

History

#1 - 28.11.2017 11:39 - Marcin Kuzminski [staff]

Hi,

We're aware of this issue with celery and async repo creation. The repository gets created however 404 is on checker of repo. We'll fix this on next

bugfix release.
