| Description | |
| <p>Every time there's an error (eg. rhodecode-index script cannot access search.location directory), there is an error from the error handling:</p> | |
| <pre>ERROR CALLING METHOD `store_exception` Server reported: No such method: store_exception. Similar methods: get_repo_store, test_exception</pre> | |
| <p>Please output the error when there's an error! (In addition to calling home. If not the traceback at least the summary message.)</p> | |
| <p>Version 756dd5c2d0b6 (v1.1.0) of cloned+venv'ed rhodecode-tools-ce. Version 4.15.2 of Rhodecode Enterprise.</p> | |
