

RhodeCode CE/EE - Bug #5579

JS bug when a commit message can be parsed as a number

29.12.2019 21:40 - Olivier Renaud

Status: Resolved	Start date: 29.12.2019
Priority: Normal	Due date:

Target version:	Spent time: 0.00 hour
Sorting:	Affected Version: v4.17
Commit Number:	

Description

Steps to reproduce:

- Push a commit in a feature branch, with the message "123"
- Go to the Pull Request creation page, and select the branch in the "source" drop down.

Javascript fails with "TypeError: rawMessage.split is not a function" in getTitleAndDescription (script.js:55503).
The debugger shows that rawMessage is a number at this point, and not a string.
