Description

I just upgraded from 4.17.4 to 4.18.1 and some repository description metatags don't work anymore. At least it seems to be the case for all metatags using =>, like [lang=>] or [requires=>]. The others appear to work correctly.

Hi,

Can you point out where those tags aren't rendered?

#2 - 28.01.2020 09:44 - Boris Basic

- File *rc-mt-issue.png* added

In the web interface, the tags don't display properly when looking at the list of repositories:

#3 - 28.01.2020 09:49 - Marcin Kuzminski [CTO]

Thanks !

Looks like some html escaping of > we'll fix it for 4.18.2

#4 - 28.01.2020 09:50 - Marcin Kuzminski [CTO]

- Status changed from *New* to *In Progress*

- Assignee set to *Marcin Lulek*

- Target version set to *v4.18*

#5 - 29.01.2020 11:46 - Redmine Integration

- Status changed from *In Progress* to *Resolved*

Commit 60c8ef52ea1b by Bartlomiej Wolynczyk bartek@rhodecode.com on stable branch changed this issue.
