#### Description

Running the command at the bottom of [https://docs.rhodecode.com/RhodeCode-Enterprise/admin/repo\\_admin/repo-admin-tasks.html](https://docs.rhodecode.com/RhodeCode-Enterprise/admin/repo_admin/repo-admin-tasks.html) will fail with the message "No matching instances found to run the iShell." The problem is that it contains a typo: it uses "Enterprise-1" with an uppercase E instead of "enterprise-1" with a lowercase e.
