

RhodeCode CE/EE - Bug #5619

Setting Landing Commit to SVN Trunk results in Files tab hitting a 404

30.05.2020 19:33 - Renaud Lepage

Description

What Happens

On SVN repositories, if I set the *Landing Commit* [in *Repository Settings*] to trunk (admittedly on repositories that did not have the "proper" branch patterns set on revision 1), it *will not* show any files.

What's expected

Setting Landing Commit to **trunk** should be showing the contents of the latest revision available on trunk.

Latest version on which this was observed

4.19.1 CE
